

18 Years of HartBeat Ensemble

HartBeat one of Hartford's most important cultural institutions, dedicated to creating provocative theater that connects our community beyond the traditional barriers of class, race, geography and gender.

HartBeat has supported hundreds of artists, collaborated with over 50 community organizations, and created 9 full-length original works, including the award-winning *Flipside* and critically recognized *Jimmy & Lorraine*. We have trained thousands of young adults, won multiple awards and continue to inspire the next generation of leaders to create change for a better world.

Our upcoming celebration is a chance to look forward to what the next years hold.
